

## The small print

### **Reservation Policy:**

Thank you for choosing PFISH, please read on just to sort out the details before we get our lines wet. In accordance with our volatile economy and spiking oil prices, we maintain the right to implement a fuel surcharge if necessary. There will be a \$3.50 per person/day *Harbor Tax* which goes to the city of Seward. All reservations are considered tentative until a deposit of 50% of the charter is received. Your trip must be paid in full prior to 45 days of the first day of fishing.

### **Cancellation Policies:**

Your deposit is refundable with written cancellation notice received at least 30 days before your first day of fishing. If you need to change the date of your charter we will make all efforts to accommodate you and your advanced notice will greatly assist us in this matter.

### ***Mechanical Cancellations:***

All efforts will be made to accommodate your fishing around these unforeseeable events by putting you on a partner vessel.

### ***Weather Cancellations:***

Fishing will be performed either in Resurrection Bay, the Gulf of Alaska and/or Prince William Sound. The PFISH crew cannot predict, control or affect the weather in any way. By booking a charter with us there is no guarantee where you will fish. The captain will determine daily if the weather is safely navigable and where the fishing will take place. If the captain determines the weather un-safe or un-fishable your trip will be re-scheduled if possible.

### **Fish Catches:**

Although the PFISH crew have fished our waters for numerous years and are experts at what we do, we cannot guarantee the catching of any specific species of fish or any fish at all. We sell a fishing charter which provides our clients the opportunity to fish for and most likely catch various species of fish indigenous to our waters. Having booked a charter in no way guarantees fish of any species, any size or even that fish will be caught. In fact it is against the law in Alaska for a Charter Operator to guarantee fish will be caught.

The owners of PFISH recommend the use of travel insurance. We can set you up with travel insurance for a nominal amount and this will insure your fishing trip in the event of a weather, mechanical, or other situation that may cause your fishing day(s) to be cancelled or postponed. PFISH cannot refund last minute cancellations out of our control, please use Travel Insurance.

Thanks!

-Capt. Tat
